The public understanding of law is gleaned from the cultural representation of justice which, in turn, reflects popular culture. Movies, caricatures, portrayal of trials by media or crime fiction shape the image of justice. However these representations play an important role in the legal system itself through the representation of truth as conveyed by litigating parties in their arguments.

Studying how justice is represented in society is thus interesting for citizens who want to understand the popular culture but also for lawyers who want to understand their clients' expectations.

This book explores in a multidisciplinary way the aspects of those representations of justice in their various forms in popular culture and in economics.

Contents: Kevin O'Connor: Preface – Antoine Masson: Introduction to the Interactions between Law and Representation of Justice – Dominique Jeannerod: Allegory of Justice and Representation of Punishment in Crime Fiction. A Franco-Irish Comparison – Solange Vernois: The Administration of Justice as Portrayed in Le Charivari and Le Journal Amusant at the End of the 19th Century.
