The first intake of MESC+ Erasmus Mundus JMD will start in September 2019. It is now too late to apply for an EMJMD scholarship. But a second call for student applications will be opened from 10th April to 5th May for students willing to join MESC+ with an industrial scholarship (20 000 €) or as self-funding students. All the useful information about the admission and selection criteria and procedure are available on the "Application" page.
